News from APS

Our commitment to you - we're here 24/7, powering your energy needs

Our crews work year-round to ensure reliable power. And we continuously upgrade and improve the electric system that spans across Arizona. Yet monsoons, wildfires and other conditions can still cause an outage. When this happens, we work 24/7 to get the lights back on as quickly as possible. To learn more about all the ways we keep the lights on visit aps.com/reliability.

Imagine a world with 100% clean energy. We are.

This month marks the two-year anniversary of our announcement to provide 100% clean energy by 2050. This includes a mix of solar and other renewable energy. To get there, we are working year-round on actions to take care of the environment. Learn more at aps.com/clean.

Important billing information:

- Payment is due no later than 21 days from the bill date. If received later than 28 days from the bill date, your account will be delinquent and may be subject to a late payment charge of 1.5% + tax per month. If your power is shut off for nonpayment, you will need to pay the past due amount before service will be turned back on.
- We may require a deposit if an account becomes delinquent with two or more bills, or has been disconnected for nonpayment within a 12-month period. Deposits may also be required for customers with a non-residential service plan who do not meet certain financial conditions (as determined by APS using a credit scoring worksheet).
